#### Who should attend:

- Organizations running XenApp to deliver applications
- Organizations looking at server virtualization solutions
- Organizations wanting to reduce their management and overhead costs
- Organizations looking at purchasing servers to support their XenApp farm

Sponsored by Citrix® and [\[PARTNER NAME HERE\]](#)

Citrix XenApp™ (the new name for Citrix Presentation Server™) customers have found a range of benefits from server virtualization including higher availability; easier manageability; more flexibility, and better utilization.

You're invited to attend a seminar where we will show you how Citrix XenServer™ with your XenApp strategy can help you to:

- Reduce the hardware footprint of XenApp server farms in the datacenter
- Better utilize, NOT eliminate, application silos
- Enable faster, more flexible provisioning
- Simplify disaster recovery
- Reduce scheduled and unscheduled downtime
- Support development and test environments more effectively
- Save money on power, cooling and other overhead costs
